

Introducing HSSE Legislation into Brunei

EDPMO

30 April 2012

Workplace Safety and Health Order Seminar
Petroleum Industry Regulations

Why do we need to have Petroleum Regulations?

Implementing the Work Place Safety and Health Order & Associated Petroleum Regulations

We have come along way since the early Pioneers in Brunei

Implementing the Work Place Safety and Health Order & Associated Petroleum Regulations

- and today we build on the past and continue to deliver oil for the prosperity of the country, Safely.

However

Future Challenges for Brunei's Petroleum Industry

- More companies- differing standards
- Increase in
 - onshore drilling
 - downstream construction
 - offshore deep water activities
- Oil and gas more difficult to develop
- Decreasing skill pool globally
- Aging infrastructure in Brunei

Sustained Safety and Health Performance

- National Safety and Health Legal Framework
The Workplace Safety and Health Order 2009
- Underpinned by sector specific regulations
Eg Petroleum Regulations

Providing a robust and flexible HSSE legal framework to deliver world class safety performance for the Petroleum Industry

Implementing the Work Place Safety and Health Order & Associated Petroleum Regulations

- 7 June feedback to Petroleum B.I.G. on DNV review
- 11 12 July B. I. G. Workshop
- 5 6 Sept B. I. G. Workshop
- 5 Oct Working draft of petroleum regs

Why do we need to have Petroleum Regulations?

I have recently made some decisions I am not happy with due to production pressures.

I have not been sleeping at night.

I wish I had the regulations to fall back on then.
